3i) The main point ~~considered~~ raised for consideration and disposed of in this file was that of posting an experienced Asst Comr to the Trust Board for Land Acquisition work

35) Incidentally, the Chairman of the Trust Board had merely mentioned in his letter d 29th Dec 45 that the officer whom he wanted to be posted as whole-time L.A officer" would also assist the President and Chairman as Personal Assistant" No specific orders were asked for on this suggestion ~~and not~~

3k) ~~Now~~ In his letter d 29th Jan 46, he wants specific order for the L A Offr to work as Personal Asst" to the Chairman of the Trust Board As well as to the President, Municipal Council ~~If a whole-time offr~~

37) The work of a Personal Assistant could not be very light and it is not clear how if an offr ~~appointed~~ was required whole-time for Acquisition work alone, he could find time to do Personal Assistants duties also - without affecting the ~~too~~ progress of A work Further, this offr is only posted temporarily for a specific work

and that too only for the Trust Board
If he is formally designated as
Personal Asst, this may lead to
the demand being made for the
post being made permanent — even
after the L A work is completed

3) The matter may however be
further examined in the L-S & Branch

desirable to continue the part-time officers (i.e. P.A. to Deputy Commissioner Dist. Bhadrawati after acquisition work) till end of June 1946 and requests orders thereon

4(1) The idea in posting a whole-time Assistant Commr was that the part-time arrangement should cease in the interest of the finance of the Trust Board

4(2) No specific orders have been sought for on the suggestion to treat the whole-time Land Acquisition Officer as personal Assistant to the Municipal President and Chairman, Trust Board Mysore

Sd/- 22/2/46

The file is put up

Sd/- 22/2/46

There are two points involved in this file —

Sd/- 16/2

1) The first one relates to the continuance of the part-time arrangement of having the Personal Assistant to the Dy. Commissioner as Secretary, Improvement Trust Board from 5-7-43 till the end of June 1946, to attend to all other requisitions except those relating to the Elgin Road Scheme which was worthy of the Trust Board's. It was thought that this arrangement which was sanctioned on 5-7-43 vide Govt. Order No. PR 12-43-GEL dated 15-7-44 would

automatically terminate as soon as a
Whole time Land Acquisition officer was
appointed for the Trust Board. The
Chairman now states that there is hardly
any time for this officer to acquaint himself
with the work and to complete the acqn
proceedings relating to the Hingoli road. He
therefore considers it necessary that the
part time L.A. officer may be continued till the
end of June 1946 when a full time L.A.
officer has been appointed on a pay of
Rs 250 – 40 – 450 + 75 C.A. It is for Govt to decide
if the part time arrangement should be continued
at all. It would mean an extra expdre
of Rs 50/pm as allce to the L.A. officer
plus the establishment charges. It is the
case remains only to file of the part time
officer could be completed by the end June 1946
then his services may be continued subject to the above
condn, leaving the full time L.A. officer to
attend to the Elgin Hunter road acqn
cases. This point is for orders.

(by) Secretary may kindly refer to the separate file relating
to the appointment of a Personal Assistant
to the President of the Board.

Chairman of the Trust Board this point has been briefly mentioned in the United Jobs relating to the reorganisation of the establishment of the Mission. This only a suggestion made by the President. There is no resolution of the Board or of the Trust Board of any kind proposed. Hence a separate resolution of both the bodies on the subject will have to be passed before passing orders, as the copies, if the first is sanctioned, will have to be met in equal proportion by both the bodies.

[In the case of Rs. 10/- the Mission is provided with a personal Assistant of the grade of Rs. 20 + 30 and under the Chairman, Rs. 10/- Trust Board is given discretion to appoint a personal Asst on Rs 20 + 30 if the Chairman (vide para 5) considers it necessary to have a P.A of the status of Asst Comr to attend to the duties in both the offices (Rs. 10/- the Trust Board & Rs. 10/- the Mission) at Mysore.

A draft letter calling for the views of the two bodies is putup for appl.

73) The connected file containing the above letter is sent up

74) The question on this file which has to be considered now is about the appointment of a personal assistant to the President, Myanmar

a) The necessity for giving the services of a personal assistant to the President Myanmar has been recognised — vide orders at paras 4 & 6 5 supra containing the words of the Minister for

Education and Public Health

As directed in para 4 the President was requested to submit proposals in this behalf in consultation with the MLCd

(b) The President now states that the MLCd wishes to have an elected Secretary who will be responsible to the President - an arrangement which is not contemplated under the provisions of the City Corporation Act instead of appointing a Chief Executive Assistant and that the MLCd are opposed to the date appointment. He considers that it is not necessary to place the matter once again before the Municipal Council and adds that as the necessity for the appointment of a personal Asst to assist both the President & Chairman of the Trust Board is keenly felt the Govt may themselves appoint an officer of the status of an Asst Comr as proposed without further consultation with the MLCd

(c) The point for consideration

x vide flag Z in the Lahore file

is whether such a step could be taken by the Govt without Consulting the MLC since the expre on the pay & allowances attached to the post of the Personal Assistant would have to be met out of Municipal funds the MLC should be Consulted and no action can be taken in the absence of their opinion, unless the entire expre is met by the Govt

Sir,

Re:- Posting of an experienced Assistant Commissioner to the Trust Board in connection with the acquisition of properties for forming the straight road from the Old Elgin Fountain site to the District Offices

---

With reference to your letter No L 4808 dated 7th December 1945 on the above subject, I have the honour to state as follows:-

(1)The establishment required in connection with the formation of a straight road from the Elgin Fountain to the District Offices had been proposed for four years in this Office No B2 C 1027/42-43 dated 2nd May 1944 and was sanctioned by Government in their Order No L 12160-3/M1 12-43-22 dated 6th June 1944 The special staff posted for the work reported for duty during the latter part of August 1944 and the work was actually started from September 1944 The items of works contemplated during the 1st year viz , surveying, estimating, drawing, and preparation of acquisition statements etc in four stages have been practically completed

(2) The work during the second year viz , July 1945 to June 1946 consists of actual acquisition proceedings As the properties involved in the first two stages are all huge and costly entailing several complications, elaborate and detail enquiries will have to be held before passing awards Consequently for this work a separate and whole time Assistant Commissioner on Rs.250-25-450 has been sanctioned from the latter half of the 2nd year in addition to the scale of establishment sanctioned for 1944-45

(3) According to Government Order No L 531-5/M1 12-43-24 dated 19th July 1944, the Personal Assistant to the Deputy Commissioner, Mysore District is only a part time Land Acquisition Officer for relieving the Chairman of the Trust Board of the heavy acquisition work (with a duty allowance of Rs 50

P T O

Rs 50/- per month) and he will not be able to attend to the acquisition of properties involved in the special straight road scheme as he has got several general acquisition cases of the Trust Board to attend to On the other hand, with the appointment of a whole time Acquisition Officer for the straight road scheme, the other ordinary acquisition cases may, with advantage, be entrusted to him alone and the present arrangement of a part-time Land Acquisition Officer be discontinued Thereby, the Trust Board will gain to some extent without detriment to the progress and efficiency of the work It was with this view that an Assistant Commissioner was sanctioned from the 2nd stage of the straight road scheme

(4) As Government have already sanctioned the estimate for Rs. 2,13,180/- for the ~~past~~ First two stages of the scheme and have also granted an advance of Rs 1,50,000/- which has to be completely spent before the close of the current year by passing awards to that extent and making payments, I request that the separate Assistant Commissioner already sanctioned may be kindly posted to the Trust Board to work as a whole time Land Acquisition Officer immediately as requested in this office No B2 C-1027/42-43 dated 10th November 1945 This Officer will also assist the President and Chairman as Personal Assistant I have again to reiterate that the properties to be acquired in connection with the above work are all very complicated and contested ones and require to be very carefully dealt with The straight road work is one of very urgent importance and has to be completed expeditiously

(5) Under these circumstances, I request the favour of very early compliance in the matter and to post an Assistant Commissioner with past experience in acquisition work

I have the honour to be,

Re Posting of an experienced Assistant Commissioner to the Trust Board in connection with the acquisition of properties for forming the Straight Road from the Old Elgin Fountain to District Offices

---

In continuation of this office No B2 C 1027/42-43 dated 29th December 1945 requesting to post a whole-time Assistant Commissioner at a very early date for taking up the acquisition work in connection with the above scheme, I have the honour to state that apart from the acquisition work, that Officer may kindly be permitted to work as Personal Assistant both to the Chairman, City Improvement Trust Board and President, City Municipal Council, Mysore, to help the latter in the disposal of routine matters It is suggested that he may attend to inspections of properties to be acquired during morning times In the afternoons, he may attend not only to acquisition matters, but also to other routine matters of the Trust Board and the Municipality This will relieve the Chairman and the President of the very heavy strain to which he is now subjected and will enable him to pay greater attention to more important matters

This arrangement may kindly be approved Kind reference is invited to para 4 of this office No B2 C 1027/42-43 dated 29-12-1945, wherein the above proposals have also been suggested

Re Posting of an experienced Assistant Commissioner in the Trust Board in connection with the acquisition of properties for forming a straight road from the Old Elgin Fountain to District Offices

With reference to the Chief Secretary's Notification No 2846/CB 3-45-12 dated 4th February 1946 copy of which has been communicated to this Office on the same date, posting Mr M Srinivasalu Naidu, Assistant Commissioner to this office as Special Land Acquisition Officer, I have the honour to invite kind reference to Para 3 of this office No B2 C 1027/42-43 dated 29th December 1945 suggesting that with the appointment of a whole time Land Acquisition Officer, the other cases (relating to other than the straight road) which are now being attended to by the part-time Special Land Acquisition Officer (Deputy Commissioner's Personal Assistant) may with advantage be entrusted to the former, and the present arrangement of a part-time Land Acquisition Officer be discontinued

2 As the order relating to the appointment of Mr M Srinivasalu Naidu as a whole-time Land Acquisition Officer now received does not contemplate the discontinuance of the present part-time Land Acquisition Officer, I request the favour of kind orders whether the part-time Land Acquisition Officer may also be retained here to look after the acquisition cases relating to other than the straight road scheme, as there is hardly 4½ months left during the current official year for the full-time Special Land Acquisition Officer to complete the acquisition proceedings relating to straight road and to spend in full the advance of Rs 1,50,000/- sanctioned by the Government on this account For this he will have to bestow his full attention to this scheme only, in which case, the several other land acquisition cases will have to be over As the whole-time Land Acquisition Officer may commence work only in the latter part of

Sir,

Re Creation of the post of a Personal Assistant to the Chairman, City Improvement Trust Board, Mysore

---

With reference to last para of your letter No L 10813 dated 11th April 1946 on the above subject, I have the honour to state that at first it had been proposed to appoint an Assistant Commissioner to be in charge of acquisition work in the Trust Board Office and also as a Personal Assistant to the Municipal President, (vide para 4 of the Municipal President's letter No M5 116-452/44 dated 16th January 1945) It has also been brought to the kind notice of the Government that the Municipal Council have however proposed to have an elected non-official Secretary It is on this account that in the penultimate para of the same letter, that inspite of the opposition of the Municipal Council to appoint an Assistant Commissioner as a Personal Assistant, the keen necessity for this appointment was specially brought to the notice of the Government and several reminders also submitted in this matter But no definite orders have so far been received But in your letter dated 11th April 1946 to the Chairman, City Improvement Trust Board, Mysore, it has been ordered that the New Land Acquisition Officer, Mysore City Improvement Trust Board, may devote his full attention to the scheme entrusted to him (viz , Straight Road from Old Elgin Fountain to District Offices) and he should not be diverted for other works, and at the same time the appointment of the part-time Land Acquisition Officer (Personal Assistant to the Deputy Commissioner) should also cease In the latter case, ther will be no one to look after the acquisition works of the Trust Board (except that post pertaining to Straight Road Scheme) Hence it has been requested in this office even number dated 23rd April 1946 that the part-time Land Acquisition Officer may be permitte

P.T O

permitted to be continued till a Personal Assistant is sanctioned Under these circumstances the post of a Personal Assistant of the status of an Assistant Commissioner may be created to look after the general acquisition works of the Trust Board and also to serve as an Assistant to the President, City Municipal Council since the Municipality has already discussed this question and have opposed to this proposal, it is unnecessary to place the subject once again before them As the work relating to acquisitions in the Trust Board is increasing day by day and it is ordered that the Special Land Acquisition Officer recently appointed should not be entrusted with other than the Straight Road Scheme acquisitions, it is necessary to appoint a separate Officer for general acquisition works At the same time as the work of the President of the City Municipal Council has greatly increased of late, and it has not been possible for him to pay adequate attention for all these, some help is absolutely necessary, to enable the Chairman and the President to pay greater attention to more important matters In case a separate Officer of the status of an Assistant Commissioner is appointed, it will not only afford great relief to the President, but also it will be possible to discontinue the services of the present part-time Officer for the general acquisition works, as this work could advantageously be entrusted to the proposed new Personal Assistant The favour of very early orders is requested

Dear Mr Mallaradhya,

In inviting kind reference to this office No B_2 C-1027/42-43 dated 15th May 1946 in the matter of creating the post of an Assistant Commissioner to serve as Personal Assistant to the President, City Municipal Council, Mysore, and to look after general acquisitions (except Straight Road Scheme) and with reference to your letter No L 12941 dated 21st May 1946 stating that the Special Land Acquisition Officer may attend to the general acquisition cases also (in addition to Straight Road Scheme) till the question of the creation of a separate Personal Assistant to the Municipal President and Chairman of City Improvement Trust Board is decided, I have the honour to state that the Special Land Acquisition Officer has passed awards in respect of the I and II Stages of the Straight Road Scheme It has been ordered by Government that the dishoused persons of the I & II Stages have first to be provided for It is further stated that the question of sanctioning funds for the III & IV Stages is under the consideration of Government Under these circumstances, it is presumed that it will take some time to take up acquisition proceedings in respect of III & IV Stages The Special Land Acquisition Officer may therefore be appointed as the Personal Assistant to the President from now alone, as his work is relieved to an appreciable extent by the completion of acquisition proceedings in respect of I & II Stages He may also look after general acquisitions in the Trust Board Office

Since the work in the Municipality has become unwieldy for the President and immediate relief is necessary to enable him to bestow greater attention to important matter and inspections, it is requested that the above proposals may

SIR,

Re - Creation of the post of a Personal Assistant of the Status of an Assistant Commissioner to the Chairman, City Improvement Trust Board, Mysore and the President, City Municipal Council, Mysore

---

With reference to your letter No L 3439/M1 12-46-6 dated 9th September 1946, on the above subject, I have the honour to invite kind reference to this office letter No B_2 C-1027/42-43 dated 15th May 1946 bringing to the notice of Government that the Municipal Council have proposed to have only an elected non-Official Secretary to help the President In the penultimate para of the Municipal President's letter No M_5 116-452/44 dated 16th January 1945 addressed to Government it has been explained in detail that there is urgent necessity for appointing as the Personal Assistant to the President, an Officer of the Status of an Assistant Commissioner only, inspite of the opposition of the Municipal Council to that effect To appoint a Municipal Councillor as Secretary to the Council and not Personal Assistant to the President will be of no avail and is beset with difficulties It does not therefore seem necessary to call for the opinion of the Municipal Council again in the matter

The particulars called for in your letter No L 1359 dated 30th July 1946 have been furnished separately in this office No B_2 C-1027/42-43 dated 1st November 1946

As directed in Para 2 of your letter under reply, the Special Land Acquisition Officer has already been entrusted with the work of general acquisitions as well
